Brickform colors - The colors shown are representative and approximate, as closely as possible, concrete with a flat troweled finish, sealed with BRICKFORM, solvent-based, Gem-Seal.

Solomon colors - These colors chips represent shades of Integral Colors. Use this chart as a guideline only. A poured test slab is recommended and approved prior to start of job.

Solomon Colors and Brickform are excited to bring you the decorative concrete augmented reality app that will revolutionize the way homeowners and contractors design decorative hardscapes.

Using advanced augmented reality technology, you can create your own custom stamped concrete, using the most popular textures, colors, and stamp patterns Solomon Colors and Brickform has to offer. See how your favorite patterns and color combinations work with your home, from the convenience of your tablet or phone. Best of all... It's **FREE** to download and use.

Once you've installed the Brickform StampApp on your tablet or phone, scan the above image from within the app to get started. If you would like to experience the full-size, 10'x10' augmented reality slab, just fill out the form available at www.stampapp.net

COLORING PRODUCTS

BRICKFORM **Color Hardener** is a surface applied, dry-shake color and surface hardener designed to work with imprinting tools to produce clear, sharp impressions.

BRICKFORM **Antique Release** is a dry, colored, bond-breaker designed to prevent texturing tools from sticking while adding color, shading and highlights.

Liquid Release is a colorless bond-breaker designed to decrease the friction between texture mats and the concrete.

ADDITIONAL COLORING PRODUCTS

Antique-It, Water soluble antiquing agent
Powdered Integral Color
Cem-Coat, Colored cementitious coating
Blush-Tone Acid Stain, Chemical stain for concrete
ARTesian Stain, Penetrating, translucent, water-based stain
Pro-Dye, Interior quick-dry concrete dye

FINISHING AIDS

Lythic Day1, Reactive finishing aid.

MAINTENANCE

E-Etch is an environmentally friendly industrial strength floor cleaner, degreaser and light etching product.
Neutra Clean is pH neutral cleaning and neutralizing agent.

SEALER ADDITIVE

Traction Grip is an anti-slip micronized powder that adds texture to decorative sealers (BRICKFORM Gem-Seal, Poly-Seal, and Satin Seal).

Surface Deactivator by Solomon Colors makes exposed aggregate finishes easier and more consistent. It is typically applied to freshly placed concrete to prevent cement paste hardening and achieve more controlled exposed aggregate finishes. Surface Deactivator can also be applied to newly-placed concrete that is specified for diamond polishing.

Product #	Color Code	Exposure Depth
SSD02	Purple	Acid Etch (0.2mm)
SSD10	Brown	Medium Sandblast (1/32") (1mm)
SSD25	Yellow	Exposure (3/32") (2.5mm)

TEXTURING ACCESSORIES

Touch-up Wheels
BRICKFORM Touch-up Wheels are part of the BRICKFORM Texture Mat System and are designed to help installers create clean and crisp grout lines. These wheels are very versatile and lightweight, making them easy to use; even in the tightest areas. BRICKFORM Touch-up Wheels are available in seven styles to compliment the full range of BRICKFORM Texture Mats.

Pounders

BRICKFORM Pounders
Find the pounder that is right for you and your job. The redesigned aluminum-handle pounder is ready to use right out of the box, with an internal spring system that absorbs shock internally, reducing the transfer to your hands. Increased side impact/miss strike recovery keeps the energy moving down, instead of off-center. *Available in three sizes: 10"x10", 12"x12", 15"x15"

ALSO AVAILABLE

Aluminum Chisels
